TreeProject

Sowing the seeds of a sustainable future

TreeProject needs your Membership Please become a financial member today

TreeProject depends upon the financial support of its members to keep the project afloat. Your financial membership provides the means for TreeProject to give you the training and support needed so that you can continue contributing to revegetation projects that repair and replace degraded ecosystems across Victoria.

Please give you financial support to TreeProject so that TreeProject can be there to support you.

Thank you to our financial members for your invaluable support to TreeProject.

TreeProject

All new growers are required to sign up for training

We encourage all of our growers to attend and refresh their skills. It is also a great opportunity to meet with other growers. You will find it fun and rewarding.

Melbourne & Geelong Training sessions –

Indicate the date you would like to do training by ticking the box

FAIRFIELD	Andrew McKenzie	TreeProject Nursery	<input type="checkbox"/> Sun Nov 10	2:00 pm
BENDIGO	Brenda Greenall	5 Hamlet St Bendigo	<input type="checkbox"/> Sun Nov 17	2:00 pm

* *Dates changed from the original*

We will cover lots of info on:

- How to overcome problems
- How to get best growth
- Importance of reporting to coordinator
- Practical Transplanting experience

Lots of fun and very informative!!!

Everyone is welcome

Seasoned growers may want a refresher
Some rural growers may not have had the opportunity for a full training session

CARETAKER FORM

Volunteers Needed to Care for Established Seedlings:

***No seeding or transplanting required-
Just provide plenty of sun, water and time.***

When the seedlings from our nursery are approximately two or three months old we need growers to continue to care and give attention for the next 3 - 4 months until maturity at five or six months.

You need to continue caring for our seedlings until planting time in either late Autumn or early Spring.

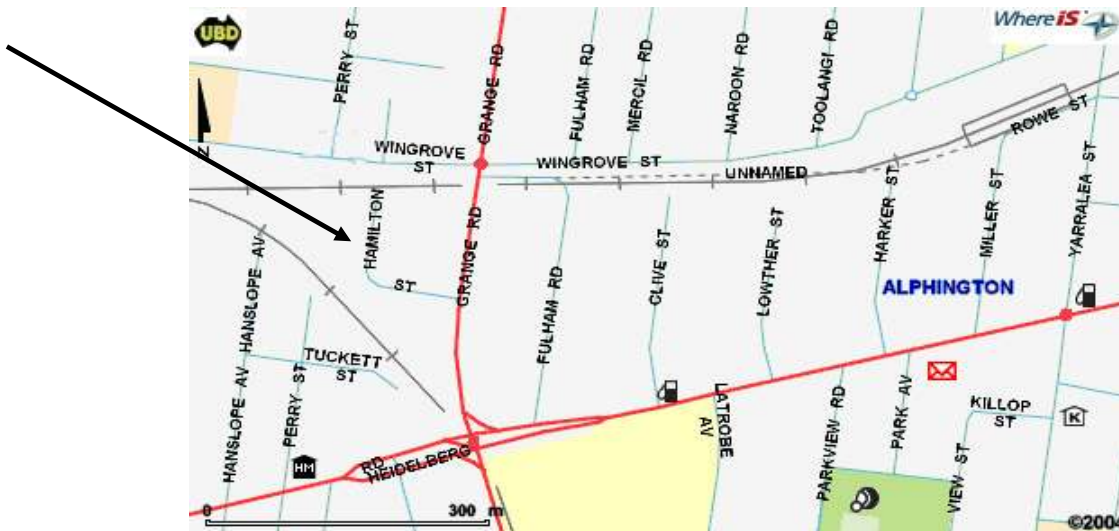

Seedlings need:

- Platform off the ground
- Plenty of sunshine for most of day
- Watering at least once per day
- Regular checks for pests and diseases

If you would like to be a caretaker and believe you can supply the right conditions and the time to attend to our seedlings, please register below.

You will need to be able to pick-up and deliver seedlings back to the Nursery in Fairfield. The nursery is situated in an enclosed complex that is part of 'Fairfield Community Gardens'.

This is the site adjacent to and behind the (now vacated) Interact Learning Services building Mel Ref. 31 B11. From Grange Rd enter Hamilton St.

Dates:

Late January 2020

Late March 2020

I would like _____ boxes

Minimum of 4 Boxes per Carer:

Late February 2020

Late April 2020

We will contact you with the exact dates for you to pick-up our seedlings as the time nears
